THE TARIFF BILL.

The tariff bill has passed the Senate and is now at the disposal of Mr. Reed. It differs in many particulars from the Dingley bill passed by the House of Representatives. It was reported when the bill was sent to the Senate by the Finance Committee that the House would not agree to it, but Mr. Reed may have changed his mind since then.

The Senate, satisfied that the schedule will not be satisfactory to the House, appointed a Conference Committee to meet with a similar one, which it is expected the House will appoint, and the two committees will doubtless agree upon a bill that will probably be nearly satisfactory to both houses. Tariff bills are at best mere compromises, and the present will be no exception to the rule.

The bill is wholly a Republican measure. In the House the opposition had no hand in framing it. The Committee on Ways and Means, that is a majority of the committee, formulated the bill without consulting the minority, and the same rule was followed by the Senate Finance Committee. It is true that the bill in its present shape is different from that sent to the Senate by Mr. Reed and Mr. Dingley, but it is Republican, nevertheless, though Republicans, as is shown by the bill, differ in their ideas of what a protective tariff should be.

Some of the Silver men voted for the bill in the Senate, not because they believe a change in tariff schedules will benefit the country, as increasing taxation will not put more money in the pockets of those who have to pay the taxes, but for the reason that they want to apply the goldbug panacea for dull times as speedily as possible to convince Mr. Reed and Mr. Dingley of the inefficiency of their remedy.

However, the tariff bill will soon be a law of the land, and if it gives the country the needed relief that is all the people desire.

ALTGELD'S PROPHECY.

In a speech at the Academy of Music at New York last Monday, ex-Governor John P. Altgeld of Illinois said: "There must ultimately come a system of finance or exchange that will have a philosophic basis and will not restrict human efforts. But until this does come, we demand the restoration of the bimetallic system."

We were promised prosperity; it has not come, and it requires no prophet to see that under existing conditions no permanent prosperity can come.

"In every state the people are aroused; they see their condition growing worse; they see the hopes of their children disappearing; they see poverty hanging over the future; they see the black flag of hunger floating over some of the richest sections of God's earth, and they are crying for justice. My friends, that cry will free the American people. Even if we should be borne down again and again, the voice of humanity will arise from the dust and drive the money-changers out of the temple and the traitors out of the land."

The City of Ogden, Utah is having quite a rumple over its water supply. It has been discovered that the water company's reservoirs have become filthy and that the whole town is in danger of sickness from impure water. The Ogden Standard made an investigation and found a terrible state of affairs and endeavored to procure a qualitative and quantitative analysis of some of the water taken from the supply reservoir. Upon inquiry it was found that such an analysis would cost a large amount of money and could not be had in Utah. Local chemists were interviewed, however, and tests were made that showed large quantities of organic matter in the water and so much in fact that it could be seen with the naked eye. The cry of alarm sounded by the Standard was taken up and the water company forced to clean the reservoir, but the proposition is now being agitated to insist on cement floor and sides to the supply reservoir, with a fair prospect of forcing the company to put them in.

RUSSIA has sent a circular note to the Powers suggesting that steps be taken to expedite the conclusion of Peace between Greece and Turkey. This action is regarded at Constantinople as of great importance, indicating that Russia desires to forestall a similar proposal upon the Powers. The Grecian and Turkish Ministers were immediately informed of Russia's action.

An item of importance was overlooked in the publication of the proceedings of the Board of Commissioners last Tuesday, viz: The cost of burying paupers, or the county dead was reduced to \$20. It has been customary to allow \$25 for such burials, Placer county, California, only allows \$15.

SENATOR DAVIS, Chairman of the Committee on Foreign Relations has called a meeting of the Committee for the purpose of considering the Hawaiian Annexation Treaty. The meeting was called to-day. It is the intention of the friends of Annexation to report the treaty.

It is said on good authority that Bodie is no place for the seeker for work to visit at the present time. The camp is all right but over bowed with men in search of employment.

DEATH OF AN OLD RESIDENT.

H. Barnes, One of Reno's Best Known Citizens, Quietly Passes Away.

Amos Hutchinson Barnes, well known in Plumas and Lassen counties, Cal., and for many years a resident of Reno, quietly passed away last evening. From Reno's earliest days he has been the proprietor of the Golden Eagle Hotel and his circle of friends and acquaintances ran far into the hundreds. A man of genial and social qualities, always cheerful to those around him, even though at times his poor health and the cares of business would have discouraged a much stronger man and caused him to have been irritable and comparatively soured. Not so with Mr. Barnes, for he always had a kindly greeting for everyone and under the most contrary circumstances.

He was a good citizen, husband and father and devoted to Reno's best interests. Energetic and progressive as far as his means would allow, and had fortune smiled more kindly on him he would have pushed many of his plans for the benefit of Reno, to a point where reasonable success would have been assured. He was a native of Chelsea, Orange county, Vt., and aged 71 years. He leaves a wife, six daughters, viz: Mrs. Ella Laws of Oakland, Mrs. W. Cornellison, Lassen county, Cal., Mrs. Frank Austin of the Hawaiian Islands, and the Misses Etta, Eva and Jessie Barnes of Reno, and a son, Frank, of Los Angeles.

His last illness has kept him confined to his room for several weeks, but he was comparatively uncomplaining and seemed to have no dread of approaching death. When the final summons came he passed away like a child falling to sleep. There was no struggle, his life's work was over and in a moment's time he had gone from pain and suffering to everlasting rest and peace.

The JOURNAL extends its sympathy to the bereaved family in their hour of sadness.

The hour and place of funeral will be announced in this evening's Gazette and to-morrow morning's JOURNAL.

A SNOWSHED FIRE.

The Christian Endeavorers Delayed for Four Hours.

A special from the east with Christian Endeavor excursionists arrived about 4:30 yesterday afternoon, and shortly after it was whispered about that the snowsheds were on fire. Closer investigation gave the fact that the sheds west of Truckee and at a point known as Tunnel No. 13 were on fire and that trains would be held at this point. Another special in the meantime had arrived and by 7 o'clock four big trains had been sidetracked. The news from the fire was of course meager, but it was pretty well established that the trains would remain in Reno until late in the night. The excursionists although somewhat disappointed decided to make the best of the situation and sang songs, promenade the streets and were soon mingled with and, in a measure, a part of Reno's population.

About 10:30 it was announced that the fire was out and the road cleared, and the first special was ordered out. The others followed in order, and by midnight the Reno yard was cleared and ready for three more trains, which pulled in before 2 o'clock.

While delay was in a measure unpleasant for the travelers, the Reno people talked with them, sang and endeavored to entertain them, and they all left with a hearty good-bye and were glad of the opportunity of their brief visit.

HOME AGAIN.

Miss Mabel Stanaway Arrives Yesterday Morning.

Miss Mabel Stanaway arrived on one of the specials from the East yesterday morning. Relatives and friends had waited her coming for over twenty-four hours, but as each train pulled into the depot they were doomed to disappointment and at last when she did come the hour and uncertainty of her arrival caused an absence of expectant friends and Mabel was compelled to hunt the home of her childhood unattended.

She was equal to the occasion, however, and was soon welcomed by those who had waited so long. She has not changed very much, in fact not at all, for she is the same whole-souled, good-hearted girl as of yore, glad to see everybody and perfectly delighted to be at home again and meet her old friends.

She will remain here until September and then return to her musical studies. In the meantime, no doubt Reno people will have one or more opportunities to hear her sweet voice and note her improvement.

The Viavi Cause.

It is impossible to take Viavi into the system without benefit. It is purely vegetable and as a nerve and tissue builder has no equal. It can be used with perfect safety by the most delicate, and is used upon the smallest children.

Patrons of the remedy can consult our physicians free of charge. I will take pleasure in explaining its various uses to all who may call.

Mrs. B. E. HUNTER,
Fourth Street.

Teachers' Examination.

A teachers' examination will be held on Monday, the 12th of July, 1897, at the Reno High School building commencing at 9 o'clock A. M. Applicants for certificates will present themselves promptly. For information concerning the rules or the details of the examination apply to T. V. JULEN, 371-1w* County Superintendent.

NOTICE OF ADMINISTRATRIX'S SALE OF REAL ESTATE.
NOTICE IS HEREBY GIVEN, THAT IN pursuance of an order of the District Court of the Second Judicial District, State of Nevada, in and for the County of Washoe, Probate, made on the 16th day of June, 1897, in the matter of the estate of John P. Foulks, deceased, the undersigned Administratrix, will sell at private sale, to the highest bidder, for cash, in gold coin of the United States, and subject to confirmation by said Court, on or after Monday the 12th Day of July, 1897, all the right, title, interest and estate of said John P. Foulks, deceased, at the time of his death, and all the right, title interest, and estate that said estate has, by operation of law or otherwise, acquired since his death, in and to all those lots, pieces or parcels of land, situate, lying and being in the County of Washoe and State of Nevada, described as follows, to-wit:
First—The interest of the estate in and to that certain Contract to purchase, entered into between the Central Pacific R. R. Company and J. P. Foulks, on the 26th day of August, 1889, and numbered 5801 New Series, wherein said J. P. Foulks agreed to purchase the South one-half of the Northeast one-half of the Southeast one-quarter of Section Fifteen in Township Nineteen North, Range Eighteen East, M. D. B. and M., containing about 120 acres, at the agreed price of \$150, on which there has been paid \$30 and interest.
Second—Lots No. 1, 2, 3, 4 and 5, in Block No. 2, on the Official Map of the town of Verdi, Washoe County, State of Nevada.
Third—The interest of the estate in and to that certain Contract to purchase, entered into between said J. P. Foulks and the State of Nevada about the month of May, 1892, and numbered 6941, wherein said J. P. Foulks agreed to purchase the East one-half of the South-east one-quarter of Section Thirty, and the Northeast one-quarter of the Northeast one-quarter of Section Thirty-one, in Township Nineteen North, Range Eighteen East, M. D. B. and M., containing about 120 acres, at the agreed price of \$150, on which there has been paid \$30 and interest.
Fourth—An undivided one-half interest in the Northwest one-quarter of the Southeast one-quarter and the Southeast one-quarter of the Northeast one-quarter of Section Thirty-one, in Township Nineteen North, Range Eighteen East, M. D. B. and M., containing about eighty acres.
Bids or offers, in writing, will be received and may be left at the office of T. V. Julien, Esq., Attorney at Law, Reno, Nevada.
Terms and conditions of sale, Cash, in Gold Coin of the United States; 10 per cent of the purchase money to be paid to the undersigned by the intending purchaser on receiving a notice of the acceptance of bid; balance on confirmation of sale by said District Court.

By the flask, bottle or gallon. Better goods at lower prices than any store in the city.
A. B. C. St. Louis Bottled Beer
A SPECIALTY.
First Class Bar. Hot Lunch Daily

DIFFERENT TYPES OF JEWS.
The Israelitish Race is Divided into Two Parts.
We continually hear of the Israelitish race. It is spoken of as the most homogeneous of races, and the most refractory, says the Monist. But it is strongly diverse. Anthropologists are accustomed to divide it into two parts well distinguished—the dolichocephalic and the brachycephalic. To the first type belong the Sephardim Jews, the Spanish and the Portuguese Jews, even the larger part of the Jews of Italy and southern France. To the second belong the Askénazim Jews—that is to say, the Polish Russian and German Jews. In Africa we find agricultural and nomadic Jews allied to the Kabyles and to the Berbers near Setif, from Guelma and Diskra to the frontiers of Morocco. They travel in caravans to Timbuctoo, and some of their tribes upon the confines of the Sahara are black, as for instance the Daggaromis, as are also the Falachas Jews of Abyssinia. In India white Jews are found in Bombay, and black Jews in Cochin. As to the Jews in China, they are not only allied to the Chinese who surround them, but they have even adopted their customs and the religion of Confucius. It is well known that in Italy they speak Italian, as in France they speak French, and in Germany German. A language is learned and spoken by two peoples which have no other point of contact.
POSTAL FACILITIES IN 1800.
A Business Letter's Slow Stages a Century Ago.
In 1800 not only was the field of business enterprise restricted, but the transaction of business within that field was slow and difficult, says the Atlantic. The merchant kept his own books, or as we would have said, his own accounts; wrote all his letters with a quill and when they were written let the ink dry by sprinkling it with sand. There were then no envelopes, no postage stamps, no letter boxes in the streets, no collection of the mail. The letter written, the paper was carefully folded, sealed with wax or water, addressed and carried to the post office, where postage was prepaid at rates which would now seem extortionate. To send a letter which was a single sheet of paper, large or small, from Boston to New York or Philadelphia cost 18½ and to Washington 25 cents; and this when the purchasing power of a cent was five times what it is at present. To carry a letter from Philadelphia, then the capital of the United States, to Boston and bring back an answer by return mail would have consumed from 12 to 18 days, according to the season of the year and weather.
Melting by Electricity.
Prof. Elihu Thompson, an eminent authority on electric metal-working, believes that there is no doubt whatever of the possibility of melting through masses of iron and steel of even considerable thickness, provided there is time enough to do it and sufficient current is available; but he thinks the paraphernalia which the burglar would have to carry along and have at his disposal for the attempted work would be a sufficient discouragement in itself, while the time required and the risk of discovery would be so great as to remove the operation from among the possibilities.
THE CAMEL'S EXPERIENCE.
This Ship of the Desert Looked Woe-ful for a Time.
A large camel which was landed at Hoboken a few days ago from the Bremen line steamer Dresden had an experience which probably never before fell to the lot of a "ship of the desert," says the New York Press.
He made the voyage in a large box, and as there wasn't room enough in it for any self-respecting animal the camel sat down in sheer disgust. He sat that way for days and days while the ship rolled and made all sorts of heavy weather. When the dejected animal was finally landed and tried to stand up he couldn't use his rear props at all. They had become paralyzed with their long stay in a cramped position. The camel wasn't any good, it seemed, and, as a big price had been paid for him, there was a general lamentation. Such a picture of woe was never seen in Hoboken.
At last a genius suggested a radical cure. The camel, by his advice, was placed in a sling and hoisted up until his toes touched the ground. He paddled the air for a spell with his fore legs, and finally the rear props came to life and joined in the exercise. They lowered him to the floor and, after he had tested his rear legs somewhat gingerly, he was as good as new. But he doesn't sit down any more. Once was enough for him.

WEAKNESS OF MEN
Quickly, Thoroughly, Forever Cured
by a new scientific method that cannot fail unless the case is beyond human aid. Yet feel improved the first day, feel a benefit every day, soon know yourself a king among men in body, mind and heart. Drains and losses ended. Every obstacle to happy married life removed. Nerve and vitality restored. All weak portions of the body enlarged and strengthened. Write for our book, with explanations and proofs. Sent sealed, free. Over 2,000 references.
